## Mayors Ask Davey to Call Relief Session

Students Call Fire Drill, Rout Labor Pickets

### DATE FOR PLEA OF M'CRADY TO BE DETERMINED

Civil Service Commission  
Meets Friday After  
Thursday Confab.

The Civil Service Commission held a lengthy meeting Thursday evening in the city building but did not set a date for hearing the appeal of William F. McCrady on his demotion from chief of police to patrolman.

Harry Bartholomew, secretary of the board, said another meeting had been called for Friday at 8 p.m. The date will probably be set at that time.

In addition to establishing the hearing date, the commission will decide whether it will hear the appeal or appoint a trial board of disinterested persons. Members of the commission in addition to Mr. Bartholomew are James Wickensimer and James McLaughlin.

Charges of insubordination, discourteous treatment of the public, failure to obey orders, neglect of duty, breach of discipline and infraction of rules were filed against the officer by Mayor Cady. McCrady answered the charges, but his reply was termed "unsatisfactory" by the mayor. The appeal to the commission was made April 7.

Patrolman Carl Radcliff has been acting chief since the demotion of McCrady. McCrady returned to the force as patrolman after a 15-day suspension.

### CONRAD ON PROBATION

Richard Conrad, 17, of Pleasant street, was placed on probation Thursday by Judge C. C. Young, of Juvenile court, on a complaint that he had driven the auto of Paul Greeno, N. Pickaway street, then returned it to the garage.

**STUDENTS** of Mt. Morris, Mich., high school mobilized the school football team and called a fire drill to rout seven American Federation of Labor pickets who were protesting employment of WPA workers on a federal-financed school addition project. According to Rupert Mallack, senior high class president, the pickets were blocking the sidewalks and refused to "beat it."

**COLLIE, BLAMED IN MANY SHEEP DEATHS, IS SHOT**

A large stray collie responsible for killing approximately \$100 worth of sheep in Darby township in the last week was shot Thursday afternoon by Alton Cane, Watt street, and Harry Riffle, county dog warden.

Mr. Riffle said the dog was shot on the Miller farm in Muhlenberg township after an all-day chase. The dog, weighing 125 pounds, had no collar or registration tag.

County commissioners offered a \$5 reward for the dog, dead or alive, last Monday. Mr. Riffle said the dog was wounded by a shot he fired but was actually killed by Mr. Cane. Two lambs were employed at the apartment house.

Authorities said Peters stopped his automobile in Shaker Heights and threw the woman into the street, firing four shots into her body. Then he drove to the apartment house where his wife worked as an elevator operator until dismissed a week ago.

Witnesses said Peters asked for Getslaff, whom he accused of causing his wife's dismissal. While he was talking, Paser appeared.

"You are one of them who got my wife," Peters said and fired four shots.

Peters found Getslaff in his apartment. Getslaff ran but was shot down.

Peters was getting into his car when police arrived. They chased him several blocks before forcing the car to the curb.

"I hope they are all dead," Peters said at police headquarters. "They all done me wrong."

There were more than 100 Negroes in the decayed old building when the roof sagged with a crackling noise, and crashed through to the floor, bringing the walls.

Lottery tickets were found in pockets of the dead. It was reported that lottery drawings were held there in the afternoons.

Five men were caught under one heavy timber and while rescuers dug for hours to release them, doctors gave them hypodermics to ease their suffering. Two were dead when the timber was lifted.

Mrs. Hall was born Aug. 15, 1864 in Madison township, the daughter of John and Jane Shannon Wilson. Surviving are two sons, Robert H., of Navarre, O., and Clarence D., of Columbus. The following brothers and sisters survive: Mrs. Alsbaugh; Mrs. Elizabeth Miller, Mrs. Emma Salada, William and John Wilson, all of Ashville; Victor Wilson, of Groveport, and Mrs. Anna Hedges, Walnut township.

Funeral services will be held in the Alsbaugh home Sunday at 2:30 p.m. with the Rev. Walter Rebers officiating. Burial will be in Rebers Hill mausoleum by E. F. Schlegel.

ALBANY, N. Y., April 22.—(UP)—Canned apple juice to compete with popular canned fruit and vegetable juices soon will be placed on the market, the state apple industries committee announced today.

Enclosure of all operations from pressing to canning to exclude air prevents the juice from becoming

cider.

### DELAY ASSAILED BY EXECUTIVES OF OHIO CITIES

Canton Official Demands  
"Barrage Of Wires"  
To Governor

### EARLY ACTION NEEDED

Anticipatory Bonds Hit  
Snag At Confab

COLUMBUS, April 22—(UP)—Ohio mayors and city managers, meeting here today, were urged by Mayor James Seccombe of Canton to "turn loose a barrage of telegrams" on Governor Davey asking an immediate call for a special legislative session to deal with the relief problem.

Mayor Seccombe's comment was made during a meeting sponsored by the Ohio League of Municipalities prior to the departure of a committee of city officials for the executive mansion to meet with the governor and legislative leaders to discuss relief measures.

Mayor Seccombe insisted that the committee would lack power unless its demands were supported by civic groups in their respective cities.

### Barrage Advised

"I suggest everyone here go back and turn loose a barrage of telegrams to get action," he said.

He explained that his reference was to the governor particularly and asked that legislators also be

### News Flashes

#### VON PAPEN AIDE DIES

BERLIN, April 22—(UP)—The disappearance of Baron Von Ketteler, secretary of Baron Franz Von Papen, was solved yesterday.

The spokesman said that Japan was importuning and distributing oil for military purposes, the spokesman said, but was leaving the distribution to the public to companies of other nationalities.

#### COMPROMISE HINTED

WASHINGTON, April 22—(UP)—A move toward compromise in the deadlock between house and senate conferees on the tax revision bill was believed imminent today. The possibility that a compromise plan may be offered emerged when the conferees gathered in executive session today and dismissed all treasury and committee experts from the meeting.

#### MINOR DETAILS

#### DELAY CLOSE OF RATE CONTEST

COLUMBUS, April 22—(UP)—A hitch over minor details of the proposed \$7,250,000 compromise settlement of the Ohio Bell Telephone Co. rate refund controversy developed today, delaying formal presentation of the agreement between Attorney General Herbert S. Duffy and the company to the public utilities commission.

It was understood the agreement would have to be rewritten and resigned before it can be presented to the commission for approval.

The suggested changes in the compromise will not affect the total refund, it was learned.

#### JUICE OF APPLE, PUT IN CANS, TO COMPETE WITH OTHER FRUIT, VEGETABLES

ALBANY, N. Y., April 22.—(UP)—Canned apple juice to compete with popular canned fruit and vegetable juices soon will be placed on the market, the state apple industries committee announced today.

Funeral services will be held in the Alsbaugh home Sunday at 2:30 p.m. with the Rev. Walter Rebers officiating. Burial will be in Rebers Hill mausoleum by E. F. Schlegel.

Employees of the city service department are now working on Elm avenue. Streets being torn up, graded and rolled will be resurfaced this summer.

#### WORK ON ELM AVENUE

OTTAWA, Ont., April 22.—(UP)—Olivia Dionne's lawyer said today that at Dionne's behest, he had asked for a judicial investigation of the quintuplets' affairs, particularly of their finances.

There was another "cold on," the lawyer said, between Dionne and Dr. Roy Allan Dafoe, who brought the famous girls in the world four years ago and has supervised their upbringing at the Dafoe hospital, built across the road from the Dionne home in Callander with funds the quintuplets earned with movies and advertising endorsements.

Dionne's lawyer was Henri St. Jacques. He said Dionne retained him

two weeks ago, that his demand for an investigation was filed with the attorney general's department in Toronto several days ago. He still was waiting for a reply.

### W. C. T. P. PROTEST ENDS PIGEON - CATCHING IDEA

SACRAMENTO, Cal., April 22.—(UP)—The Women's Christian Temperance union protested vigorously today against a new method of catching pigeons.

Keepers at the state fairgrounds had been having some difficulty catching pigeons. They decided to mix bourbon whiskey with the birds' mash on the theory that intoxicated pigeons would be easier to catch than sober ones.

The protest caused the plan to be suspended—at least for a time.

### JAPAN PAYS U.S. FOR PANAY LOSS

Draft For \$2,214,007.36

Handed To American  
Embassy Attaché

TOKYO, April 22—(UP)—The foreign office today presented Eugene H. Dooman, counselor of the American embassy, with a draft for \$2,214,007.36 in full payment of the indemnity asked by the United States for a Japanese airplane attack on the gunboat Panay and three Standard Oil ships.

Thus ended the most serious Japanese-American incident of the Chinese war, precipitated when Japanese navy airplanes swept down over the Yangtze river in China last Dec. 12 and bombed the American ships.

The United States billed Japan for the damage last month, Japan having accepted full responsibility. As a matter of formality Japan asked for an itemized bill, and the draft was made ready as soon as the bill was received.

The foreign office spokesman, discussing today reports published in China that American and British oil companies might be forced to evacuate northern China, said that reports that Japan might establish an oil monopoly there were based on a misunderstanding.

The spokesman said that Japan did not intend to establish a monopoly. A Japanese company was importing and distributing oil for military purposes, the spokesman said, but was leaving the distribution to the public to companies of other nationalities.

#### 300 METHODISTS ATTEND CONFAB IN NEW HOLLAND

Crowd estimated at more than 300 persons attended the Spring meeting of the Chillicothe District of the Ohio Annual Conference of the Methodist Episcopal church.

The district includes 51 pastoral charges. Dr. J. Ira Jones, Columbus, is district superintendent.

Among the speakers were Bishop Robert Jones of Columbus, Negro, and the Rev. and Mrs. J. G. McLaughlin, missionaries from India.

The sudden death of Dr. Frederick B. Fisher, of Detroit, last Thursday, who was to have been one of the chief speakers at the meeting, caused a number of changes in the day's program. Due to the death of Dr. Fisher, the evening session of the meeting was eliminated.

Police said at least 35 other members were being sought in Chicago, New York, Philadelphia, Pittsburgh, Detroit and other large cities.

Lt. Thomas Kelly said he had recovered about \$5,000 in forged checks from three of the men held in Chicago. He would not identify them. Pittsburgh police confiscated \$21,800 of the counterfeit checks, found in the possession of the suspects held there.

All of the checks were "nearly perfect" counterfeits of those issued by the American railway express company, Kelly said.

Morgan was seized early today while walking in front of a fashionable North side apartment hotel. Since the gang he headed during the prohibition heyday was wiped out, he reputedly has been interested in a brewery.

#### No Action Possible

Lawyers said that if the petition were ignored, no further action could be taken against the Ontario government, which made the five babies "wards of the king," and appointed guardians for them.

The nature of Dionne's charges was not revealed but they were

Met yesterday evening, our high school Hoffman boy, whom we call "Doc" now, because he intends being a good surgeon. That old rooster whose life he saved, is yet going strong, he said. We have another youngster whom most everybody calls "Doc" who will be heard from, too. When all these boy surgeons of ours, Doc, Elliott Peters, Doc, Williams Jennings, Doc, Woodrow Barch, Doc, Bill Cloud and Doc, Hoffman get to carving 'em up, sawing off legs and everything, Ashville will have to build a big hospital of its own. They're all home school boys, fine chaps, and we all have a perfect and good right to feel proud of them.

### SHAKESPEAREN ROLES

It is said that everyone in the theatre has a secret desire to some day be a Shakespearean actor.

Basiloughrane, producer of "Margot of Castlewood" and "Cabin at the Crossroads" over the NBC-Blue network, has decided to give everyone in the two shows an opportunity to work off that fobia—but not on the air.

Planning a costume party for Friday night, April 29, he struck on the idea of giving his friends crack at quoting the bard of Avon to their hearts' content.

On that night, Barbara Luddy, Malcolm Meacham, Harriette Widmer, Forrest Lewis, Vance McCune, Etta Moten, Roy Brower, Ethel Owen and other members of the cast will deck themselves out in Elizabethan regalia and come prepared to be cast in the role they represent.

## SHAKESPEAREN ROLES

It is said that everyone in the theatre has a secret desire to some day be a Shakespearian actor.

Basil Loughrane, producer of "Margot of Castlewood" and "Cabin at the Crossroads" over the NBC-Blue network, has decided to give everyone in the two shows an opportunity to work off that fobia—but not on the air.

Planning a costume party for Friday night, April 29, he struck on the idea of giving his friends a crack at quoting the bard of Avon to their hearts' content.

On that night, Barbara Luddy, Malcolm Meacham, Harriette Widmer, Forrest Lewis, Vance McCune, Etta Moten, Roy Brower, Ethel Owen and other members of the cast will deck themselves out in Elizabethan regalia and come prepared to be cast in the role they represent.

CHICOOPEE, Mass. (UP)—Because of the disagreeable sound of "Sloberry Pond Road," Ex-Mayor William J. Dunn did a bit of research and discovered the name originally was "Sloeberry," because of the thick growth of juniper bushes bearing these berries used in making gin.

## Williamsport Seniors In Play Tuesday Evening

The Senior class of the Williamsport high school has chosen for its class play, "Kicked Out of College," a college farce in three acts, by Walter Ben Hare. It will be presented Tuesday evening, April 26, in the high school auditorium.

The scene of the play is laid in a college town at the present time, and the first act takes place in a college boarding house, the second and third Honeymoon Flats, Bootles' three wives appearing consecutively in the different acts.

The play will be presented under the direction of Ida Mae Ware with Paul Rose directing the music.

The cast of characters includes Bootles Benbow, a popular senior, Donald Russell; Tad Cheseidine, the college cut-up, Drexel LeMay; Leviticus, the ace of spades, Warren Straley; Scotch McAllister, a hard student, William Johnson; Shorty Long, on the Glee club, Robert Betts; Slivers Magee, a happy junior, Jack Trego; Mr. Benjamin J. Benbow, Borries' father, Marion Steinhauser; Mr. Sandy McCann, coach of the Dramatic club, Marvin Cook; Officer Riley, from the Emerald Isle, L. V. Ebenback; Mr. Gears, of the Speed Motor car company, Scott Cardiff; Jonquil Gray, the little chauffeur, Ruth Fraizer; Betty Benbow, Bootles' sister, Martha Tipton; Mrs. B. J. Benbow, her mother, a politician, Hazel Hastings; "Ma" Baggsby, a popular landlady, Barbara Mahorney; Mrs. Mehitabel McCann, a jealous wife, Frances Arle; Zilina McCann, aged thirteen, Annabelle Noble; Miss Julian Snobs, the college strumapher, Margaret Steinhauser; Mlle. Mimi Fleurette, a French costumer, Ellen Southward; Salamance Spivins, a black wash-lady, Edith Schlech; students, John Martindale, Jay Reynolds, Joe Whitehead, Jr. and Charles Driesbach; Miss Thelma Pyle will be piano accompanist.

Bootles Benbow, the most popular boy in college, is so busy inventing a patent air brake and with his various social and athletic activities that he finds it impossible to go to class. Accordingly he is dropped from the roll they represent.

Use Loma and your lawn will become a sturdy, thick carpet of emerald green . . . your flowers will be more beautiful and longer-lasting . . . your vegetables will be meatier and more flavorful . . . your fruit trees will yield more abundantly . . . and your shade trees will be healthier and more handsome.

Loma serves an entirely different purpose than the usual fertilizer manufactured for ordinary field crops. It is adapted specifically for quick-growing plants—and, therefore, is ideal for lawns, flower beds, shrubbery, vegetables, trees and greenhouses.

## THEATRES

AT THE CLIFTONA

One of the most amusing of this season's comedy dramas opens tonight at the Cliftona Theatre in "Paradise for Three."

The novel plot is carried out to perfection by the excellent performances of Frank Morgan, Robert Young, Mary Astor, Edna May Oliver, Florence Rice, Reginald Owen, Henry Hull and Herman Bing. Morgan portrays the rich capitalist who wins a contest and a reward is sent to an Alpine resort for two weeks. To enjoy stay outside as much as possible his vacation he masquerades as for at least six months.

a poor man, making his valet, Owen, act as a man of wealth. Morgan's daughter, Miss Rice, and his housekeeper, Miss Oliver, find out about his plan and inform the hotel to play up to his whim, but to treat him well. They mistake him for another contest winner, Young, who is actually an unemployed man. From then on things begin to happen, especially when Miss Astor, a woman of the world, sets out to trap Morgan, having also learned the truth about him.

## AT THE GRAND

A former Ziegfeld girl, under long term contract to a major studio and included in the list of Hollywood's most beautiful actresses is Eleone Stewart, currently featured in Monogram's "The Painted Trail," now at the Grand theatre.

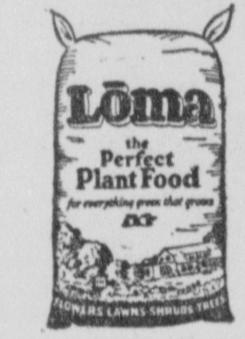

What is not generally known in Hollywood is that Miss Stewart prefers the life of a cow girl.

After playing a prominent part in "The Great Ziegfeld", the lead in Jack Holt's "The River of Missing Men", and a role in "Rosalie", Miss Stewart decided to devote her talents to outdoor films, because her doctor advised her to

stay outside as much as possible for a time but complications arise which brings the play to a fast-moving climax.

IT SEEMS very simple for a woman to drop in at her grocer's and say:

"I'll have a peck of potatoes—25 pounds of flour—a pound of coffee—half a dozen oranges—a package of corn flakes—and how's your lettuce today?"

But did you ever wonder how all these things find their way to the corner grocer?

Instead of one woman, think of twenty-five million who do the buying for their families.

Instead of a peck of potatoes, think of three and a half million TONS delivered to all the corner grocers in a year.

Think of 8,600,000 TONS of wheat flour—1,790,000 TONS of oranges and grapefruit—868,000 TONS of cereal and you begin to see the amount of food moved by the railroads every year.

Coming back to the potatoes—the average distance this humble food travels by rail, between the fields where it is raised and the counter where it is sold, is

## Need Is Urgent

"The need for its enactment during the present session of congress is urgent," Mrs. Norton wrote. "In the last few months there has occurred an alarming sharp decline in business activity."

"With that decline have come the inevitable wage cuts which the great mass of American business men so deplore but are powerless to prevent. These businessmen know that wage-cutting sets in motion a vicious spiral of deflation, which, if allowed to gather sufficient strength may threaten the foundations of government itself."

"During the last few years unprecedented demands have been made both upon the federal and state governments for relief and work relief. Unless the wages paid by private employers are sufficient to maintain the bare cost of living, such demands will necessarily continue."

"The payment of oppressive wages is not only detrimental to inter-state commerce and to the health and well-being of employees and employers engaged in inter-state commerce, but also casts a direct burden for the support of such employees upon government."

## F. D. R. PREPARES FOR CRUISE OFF CAROLINA COAST

WASHINGTON, April 22—(UP)—President Roosevelt said today that he plans to sail from Charleston, S. C., a week from today on a four or five-day cruise into the Atlantic.

He made clear, however, that arrangements for the cruise are highly tentative, and depended a great deal on Washington conditions.

Mr. Roosevelt, if he goes, will give the light cruiser Philadelphia, a new vessel recently commissioned and armed with six-inch guns.

## MEXICAN MINING TOWNS HAVE SILVERY STREETS

WASHINGTON (UP)—Streets of several Mexican mining towns literally are paved with silver, without submarine attacks on merchant ships in the Mediterranean en route to Barcelona.

The cargo vessels, carrying badly needed food supplies and arms and ammunition for the government, are accompanied by destroyers, submarine chasers and airplanes, which have engaged in numerous encounters with the submarines.

As Nationalist war planes bombed and machine gunned Tortosa today, the government at Barcelona announced intensification of its campaign against "hidden enemies" in civilian centers in all parts of Loyalist territory.

FOLK: On April 30, Boy Scouts of the Central Ohio area council will present one of their biggest functions of the year, the Scoutorama, in the coliseum at the Ohio state fairgrounds. Several Pickaway county troops will participate by putting on various stunts that have required hard and diligent work. It would be a fine gesture if several hundred Circleville and Pickaway county residents would go to the coliseum that night to watch their sons and neighbors' sons in action. They will be competing against more experienced and older boys and will need some one to cheer them in their endeavors. All scouts in Circleville have tickets that they are trying to sell. You will see youngsters in chariot races, signalling contests, wall-scaling events, and in numerous other functions that demand strength, alertness and ability. Please make plans to support the local troops in this big gathering.

OFFICIALS: Reports that work will be started in a few weeks on the Circleville street project are received with open arms, but more than reports are needed to get the work under way. You have about \$57,969 to spend on Circleville's thoroughfares, and I hope you exercise much care in the project. See that streets that really need work get it. You will have little trouble along this line because there are very few that cannot stand much attention. Some of the highways in the city are disgraceful, and I hope you do everything you can to get them in proper condition. The city service department is doing some work on the streets, and it has been appreciated, but much more should be done, and now, while the weather permits.

### TO JAMES M. HATFIELD

DEAR SIR: Your election as president of the Pickaway County Trustees' association is deserved. You have been a booster for the trustees' association for many years, and have had much to do with its success. I hope that you put your shoulder to the wheel, cooperate with all other officers elected, and do all you can to make the association a worthwhile organization. Trustees are necessary to the success of the county, they have a big

task to perform, they are closer to the various community problems than are any other officers, so they should be able to cope with all difficulties. Do your best to make our association a real one.

### TO COUNCILMEN

OFFICIALS: I commend you for putting teeth into the bicycle regulatory ordinance. This legislation, although many children and parents oppose it, is drafted for the benefit and safety of the boys and girls of the community who ride their vehicles in heavy traffic each day. It is their lives that councilmen are trying to preserve. If some of the bicyclists refuse to obey the statutes as set up in the ordinance, they should be penalized. Police, by virtue of the changes, will now be able to check the vehicles.

### TO CHURCH MEMBERS

FRIENDS: Outstanding success of the presentation of the Easter cantata by the combined choirs of the various churches clearly indicates that this feature should become an annual affair. I realize the preparation of this program required a tremendous amount of work. It was the finest program ever sponsored by the Ministerial Association. All who took part in making the event such a tremendous success deserve the highest praise. A musical feature by the choirs would be appropriate during the Christmas season, and I believe it would work less hardship on those who take part. The Easter season keeps the choirs busy in their individual church work making it difficult for them to arrange combined practices.

CIRCUISTEER.

### TO VOTERS

RESIDENTS: Next Tuesday a special election will be conducted in Circleville on the street lighting contract with the Columbus and Southern Ohio Electric Co. All residents should be well acquainted with the question on which they will ballot. Every voter should exercise his right to ballot whether he favors or disapproves the contract. Those who fail to vote are usually the first to complain about the outcome of an election. Polls will be open from 6:30 a.m. to 6:30 p.m. Cast your ballot.

### TO HIGHWAY OFFICIALS

GENTLEMEN: The fact that not a protest of any kind was presented at the recent hearing on the Route 22 improvement, west of the city, should thoroughly convince you that residents of this district are heartily in favor of the project. Interested landowners who attended the hearing expressed a desire for the project. They, of course, are interested in compensation, but that issue was not a matter for consideration in the hearing. I hope the highway department is able to work out satisfactory arrangements as soon as possible so the improvement may be started this summer. Since the work would require from nine months to a year for completion residents are anxious to see the work get under way. Only the residents of this district know the "black eye" history of that road.

## World At A Glance

—By—  
Charles P. Stewart

Heaven alone knows how much truth there is in the story that President Roosevelt and Vice President Garner had a regular quarrel at a recent White House conference between the president and a group of Democratic leaders plus two or three members of the cabinet.

The president denies it, and no one questions his good faith. However, something seems to have occurred, which others describe as having been a redhot disputation, though "F. D." does not, doubtless in all honesty, seem to have considered as having amounted to an outright "quarrel".

No newspapermen was present at the gathering, nor is any official record of the affair available. All that the press knows of its details is what has leaked out through the medium of those who personally were in attendance. Their number was considerable—a dozen or so. But their accounts differ so widely as not to be worth much, any of them, from the standpoint of reliability.

\* \* \*

**THIS IS EXAGGERATED**

One of those conferees "assures" me that the vice president knocked the president down and kicked him in the stomach.

I instantly recognized this piece of alleged information as exaggerated, and the liar who conveyed it to me was aware that I did, too. I told him so.

Garner ought to be a good authority on the subject.

Consulted, he rejoined that he does not have to go around to the newspapers, issuing "blankety-blank denials."

Nevertheless, he did not issue a "blankety-blank denial".

I did not expect him to bother to deny that he kicked the president in the stomach, but I think he

might deny that he whanged his fist on the presidential desk.

His "blankety-blank-blanks" also hinted to me that he was fretted.

\* \* \*

**HE'S NUCLEUS OF ANTIS**

The outstanding fact is that John N. Garner is regarded in Washington as the nucleus of anti-adolescent sentiment.

Although only vice president, with no vote, he is assessed as a power in the senate. He remains as powerful as ever in the house of representatives—maybe more so than when he WAS a representative. And, politically, he is the most potential influence in the most partisan Democratic party of this country.

Garner, essentially, is a conservative.

So is the bulk of Republicanism.

He is a conservative rallying leader. As I have remarked before, he is too old. Still, he may be conservatism's best available standard bearer.

Just as Mayor Fiorello H. La Guardia of New York City looks as if he were Democratic-Republican and comparatively young Fiorello La Guardia, respectively on the Republican and Democratic tickets in 1940.

It would be queer (wouldn't it?) if Democratic 70-year-old John Garner should be named to oppose Republican and comparatively young Fiorello La Guardia, respectively on the Republican and Democratic tickets in 1940.

Nevertheless, he did not issue a "blankety-blank-blank denial".

I did not expect him to bother

to deny that he kicked the presi-

dent in the stomach, but I think he

### Physician's Book Tells of 'Female Complaints'

By LOGAN CLENDENING, M. D.

"MY LIFE AS A COUNTRY DOCTOR" is a book by Dr. Arthur E. Hertzler, which should be amusing to anybody. Dr. Hertzler likes to call himself a country doctor but, as a matter of fact, he is one of the best surgeons in the United States, although, like the Mayos, he works in a small country town.

As indicating the quality of the book, Dr. Hertzler's remarks on female complaints are very illuminating:

cause these patients have small goiters and when they disappear the dysmenorrhea does likewise.

**When to Avoid Operation**

Quite a large group of female complainers come to the doctor's office accompanied either by husband or mama. Mama has had all the symptoms and daughter unconsciously imitates her. When there is a strong nervous element in such cases, as there usually is, operation should be avoided if possible because the result will be disappointing.

Female complaints are generally understood to be diseases of the organs peculiar to women. They are handled by doctors who are called gynecologists or "specialists in diseases of women". The doc-

tors definition of a gynecologist is "an unfortunate individual whose mission in life is to aid the human female to correlate her biological instincts with the dictates of Christian ethics."

Women with female complaints are capable of a kind of classification as they walk into a doctor's office. One is the middle-aged woman, who is suffering from many complaints, chiefly because she is middle-aged. Then there is the adolescent girl, Christian lady and plain animal sometimes wage a terrible subconscious battle.

Many of these girls can be relieved by a method which appeared as long ago as Hartshorn's "Practice of Medicine", which described it, by the use of potassium iodine. be-

# MOTOR FAILURE DELAYS DEATHS OF TWO TEXANS

Generator Unable To Send Electricity Into State Prison's Chair

## WEEK REPRIEVE GRANTED

Gov. Allred called From Bed In Emergency

HUNTSVILLE, Tex., April 22—(UP)—A motor generator providing electricity for the death chair at the Texas state penitentiary failed twice today while two men condemned to die stood nearby awaiting execution.

Gov. James V. Allred was called out of bed to grant each a week's reprieve.

The men, John W. Vaughn, 34, of San Antonio, and Johnnie Banks, 26, a Negro Baptist preacher, originally were scheduled to die at midnight. They were removed from their cells and were walking toward the execution chamber when the generator failed the first time. They were returned to their cells, and the witnesses were told that the executions would be delayed until 2:30 a.m.

Shortly before that time, the witnesses were instructed for the second time to take their places. Guards said the generator had been repaired.

Vaughn was led into the chamber. His face was pale, his feet unsteady. A guard held his arm. Vaughn stopped when he stood facing the witnesses. Warden W. W. Waid asked him if he had anything to say.

### Innocent, Man Pleads

"Yes," Vaughn replied. He held a slip of paper in his hand. In a steady, deliberate voice he began reading. He was innocent, he said he had been framed. He said he did not kill A. Q. Edwards, the motorcycle officer whom he was convicted of slaying.

He had been reading three minutes when there was a disturbance around the generator, shielded from the witnesses by a large curtain. Vaughn hesitated. Quiet was restored.

"Now gentlemen, I'll continue," he said.

Warden Waid came from behind the curtain and left the room. Vaughn continued to read. The warden returned as Vaughn concluded. The warden touched Chaplain C. E. Garrett on the arm.

"I have just talked with the governor," warden said. "In view of our trouble, he has granted each of the prisoners a week's stay of execution."

### Crowd Addressed

Vaughn smiled. The chaplain took him by the arm and led him toward the door. Vaughn stopped when they reached the door. He looked toward the warden.

"Thank you, warden," he said. His eyes surveyed the witnesses.

"Well, gentlemen," he said, "you have just seen an honest man and God win again."

**The Vision**

Six days after Peter's confession of faith in Jesus as "the Christ, the Son of the living God" Jesus taketh with him Peter and James and John, and bringeth them up into a high mountain apart by themselves: and he was transfigured before them; and his garments became glistening, exceeding white, so as no fuller on earth can whiten them. And there appeared unto them Elijah with Moses: and they were talking with Jesus.

# MOTOR FAILURE DELAYS DEATHS OF TWO TEXANS

Generator Unable To Send Electricity Into State Prison's Chair

## WEEK REPRIEVE GRANTED

Gov. Allred called From Bed In Emergency

HUNTSVILLE, Tex., April 22—(UP)—A motor generator providing electricity for the death chair at the Texas state penitentiary failed twice today while two men condemned to die stood nearby awaiting execution.

Gov. James V. Allred was called out of bed to grant each a week's reprieve.

The men, John W. Vaughn, 34, of San Antonio, and Johnnie Banks, 26, a Negro Baptist preacher, originally were scheduled to die at midnight. They were removed from their cells and were walking toward the execution chamber when the generator failed the first time. They were returned to their cells, and the witnesses were told that the executions would be delayed until 2:30 a.m.

Shortly before that time, the witnesses were instructed for the second time to take their places. Guards said the generator had been repaired.

Vaughn was led into the chamber. His face was pale, his feet unsteady. A guard held his arm. Vaughn stopped when he stood facing the witnesses. Warden W.W. Waid asked him if he had anything to say.

## Innocent, Man Pleads

"Yes," Vaughn replied. He held a strip of paper in his hand. In a steady, deliberate voice he began reading. He was innocent, he said he had been framed. He said he did not kill A.Q. Edwards, the motorcycle officer whom he was convicted of slaying.

He had been reading three minutes when there was a disturbance around the generator, shielded from the witnesses by a large curtain. Vaughn hesitated. Quiet was restored.

"Now gentlemen, I'll continue," he said.

Warden Waid came from behind the curtain and left the room. Vaughn continued to read. The warden returned as Vaughn concluded. The warden touched Chaplain C.E. Garrett on the arm.

"I have just talked with the governor," warden said. "In view of our trouble, he has granted each of the prisoners a week's stay of execution."

## Crowd Addressed

Vaughn smiled. The chaplain took him by the arm and led him toward the door. Vaughn stopped when they reached the door. He looked toward the warden.

"Thank you, warden," he said.

His eyes surveyed the witnesses.

"Well, gentlemen," he said, "you have just seen an honest man and God win again."

The cast includes the following; Daniel French, from the city, James A. Seimer; Lester Van, Daniel's chum, Shirley Hulse; Wade Carver, an unwelcome suitor,

Robert Alexander; Orpheus Jackson, a native Romeo, Paul Thompson; Babe Joan, a mountain charmer, Betty M. Riggan; Old Joe, "Dat's a fac'", Roger E. Wolfe; Rose O'May, Mammy's Lil' Wild Rose, Helen W. All the action of the play takes place in the cabin doorway of Uncle Joe and Mammy Celia in the mountains of Virginia. The orphaned Rose, who has been reared by her gloomy and embittered Aunt Hester, is now being made to pay for the sorrow her mother's runaway marriage has caused her aunt. The mortgage on the aunt's home falls due, and the elderly skinflint who holds it has refused to renew it unless sixteen-year-old Rose promises to marry him. But Rose meets her fate in the person of a young novelist from the city, with whom she speedily falls in love and who loves her in return. Rose manages to outwit the skinflint, satisfies her aunt's claims of payment,

the living God." Now by a vision of God and by the voice of God the testimony of their hearts is confirmed to these "eye witnesses of his glory." Peter calls it a revelation "of the power and coming of our Lord Jesus Christ." In other words, God staged for these three favored disciples a "preview" of that glorious spectacle of our Lord's second coming at the end of this age when men "shall see the Son of man coming in a cloud with power and great glory."

**The Purpose of the Vision**

Peter mistook the purpose of the vision. He wanted to stay there on the mount and enjoy it forever: "Peter answered and said unto Jesus, Lord, it is good for us to be here; and let us make three tabernacles, one for thee, and one for Moses, and one for Elijah. For we wist not what to answer; for they became sore afraid." It was a time of high and holy inspiration for the three disciples which Peter would prolong indefinitely. But inspiration is never an end in itself. The privileged vision of the mount must be carried to the underprivileged in misery in the valley below. The vision and the voice must move to venture in service darkness and in the shadow of death in the lowlands of society. Church going and convention attending never will of themselves save the world. They serve their God-given purpose only as they illuminate, inspire and inflame those who worship on the mount

with Christ to the valley of human misery and serve by sharing the blessings of the mount with the teeming multitudes in the depths of human need below.

Trio of spring smallmouths

**WE WERE MISTAKEN**  
BRETHREN, we were mistaken.

For many seasons now we've passed up spring bass fishing in northern Ohio, preferring to wait until the Michigan and Canadian fun begins.

Recently, however, a vacationing schoolboy persuaded us to test that new fly rod on what he termed "Battling Bass of Rocky River". (A shallow, muddy stream six miles from Cleveland's center.)

"There can't be worthwhile bass in THAT place," we mused, scorning the thought of fishing practically at home.

But, brethren, we were mistaken!

On arriving at daybreak we first observed a line of anglers wading in the lower rapids, near Lake Erie.

"Anything doin'?" we cautiously inquired, hardly expecting an affirmative reply.

"Oh, just a few now and then," the first fisherman observed,

## Mansfield Relays Get Big Crowd

**MANSFIELD**, April 22—(UP)—Outstanding scholastic track and field stars from six states will compete in the 12th annual Mansfield Relays here tomorrow.

The Relays were originated in 1927 as a "neighborhood event" that attracted only three schools. The entry list has increased annually and Director Harry Mehoock announced 83 schools would send a total of 1,199 athletes here this season.

In addition to 63 Ohio schools, there will be 20 out-of-state schools from Michigan, Pennsylvania, Kentucky, West Virginia and New York.

The entry list is headed by four former team champions. They are Sandusky, the winner for the past two years; Toledo Scott, Cleveland East Tech and Mansfield.

Cleveland Central has entered the largest number of competitors, 44. Mansfield is next with 35 and Sandusky third with 32.

Preliminaries in all events will be held tomorrow morning with the finals in the afternoon. A total of 17 events are programmed.

The javelin throw, ruled out by the Ohio High School Athletic Association this year, is included among the events here by special permission of Commissioner H. R. Townsend. Out-of-state schools still employ the javelin event and it was included so as not to discriminate against them.

Schools entered in the relays include:

Collinwood, John Rhodes, Lincoln, West Tech, John Marshall, Cathedral Latin and Shaker Heights of Cleveland; South, Garfield, East and North of Akron; East, Central, North and Upper Arlington of Columbus; Roosevelt and Dunbar of Dayton; Lorain, Galion, Tiffin Columbian, Bellevue, Canton McKinley; Norwalk, Kent Roosevelt, Ashtabula, Bryan, Oxford McGuffey, Fremont Ross, Glendale, Mansfield, Madison, Alliance, and Chillicothe.

Trophies valued at \$800 will be awarded to the competitors. To the team champion goes the \$200 rotating Mansfield Trophy.

### JOHNNY RIZZO HITS HARD FOR PIRATE OUTFIT

**Yankees Drop To Seventh  
Notch As Young Aces  
Issue Oakleys**

**EARL WHITEHILL WINS**

**Paul Derringer Puts Cubs  
Back For Redlegs**

**NEW YORK, April 22—(UP)—** Pacesetters in the major league pennant races today were those unpredictable Pittsburgh Pirates and the amazing Washington Senators, each with an unbroken string of three triumphs.

The Pirates are on top in the National league because of a savage attack which raked 10 St. Louis Cardinal pitchers for 19 runs and 44 hits in a 3-game series. The big guns were Johnny Rizzo, the Houston, Tex., Italian sold to the Pirates by Columbus during the Winter, and Arky Vaughn. Rizzo hit safely twice in each of three games. Vaughn has collected six hits in three games.

Washington grabbed the American league lead on pitching. In their three victories over the Athletics, they used only three pitchers, only club in either league to have three starting pitchers go the route. Wes Ferrell, Monte Weaver, and Emil (Dutch) Leonard, did the trick for the Senators.

Two hundred rods later we were ten soft-shells to the good. Two hours of royal sport and three two-pound smallmouths thrashed on the chain. And were our aristocratic fishing pals up the hill surprised? So were we.

Best advice we can give today is: Don't overlook your own back yard!

### TODAY'S TIP

Soft-shelled crabs are hard to find in early spring because the water is too cold. By heating a tubfull of hard-shells with a light bulb or tropical fish heater, you can get them to soften up.

### Rod Records

The world's record cut-throat trout weighed 41 pounds. It was caught in Pyramid lake, Nevada, in December, 1925, by John Skimmerhorn.

SAFELY HOME  
I am home in heaven dear ones;  
Oh so happy and so bright;  
There is perfect joy and beauty  
In this everlasting light.

All the pain and grief is over,  
Every restless tossing passed;  
I am now at peace forever,  
Safely home in heaven at least.

Did you wonder I so calmly  
Trod the valley of the shade?  
Oh! But Jesus' love illuminated  
Every dark and fearful glade.

And He came Himself to meet me  
In that way so hard to tread;  
And with Jesus' Arm to lean on,  
Could I have one doubt or dread.

Then you must not grieve so sorely  
For I love you dearly still,  
Try to look beyond earth's shadows  
Pray to trust our Father's will.

There is work still waiting for you  
So you must not idly stand;  
Do it now while life remains  
You shall rest in Jesus' land.

When that work is all completed  
We will gently call you Home;  
Oh! The rapture of that meeting  
Oh! The joy to see you come.

G. O. P. Nominee In 1936  
Tells Optimists Act  
Inflationary

TOPEKA, Kans., April 22—(UP)—Former Gov. Alf M. Landon of Kansas today lashed out against President Roosevelt's lending-spending program, denouncing it as a definite "inflationary course" that can be halted after a year only by "miraculous courage."

"The time may be long, or it may be very short, before the day of reckoning comes to us," he said. "The material reserves of a country like America are so enormous it is impossible to predict with any accuracy when the final smash may come."

He said that the secretary of

## CONTRACT BRIDGE

## A TIME TO SHADE

WHEN YOU have a couple of suits which can be bid, it pays in the long run to shade your high card requirements for an opening bid, particularly if you are not vulnerable. Finding a fit with your partner may change the result to something completely different from the lot which befalls a stolid bidder unalterably committed to his high card minimums.

even though holding two good suits, was afraid to call either one at the five range while vulnerable. As a result, the contract was allowed to stand at 5-Diamonds, which was made.

Those players who decided their holdings were too weak for an opening bid and passed in the South position received poor scores. In those instances, North opened with 1-Diamond, East overcalled with 1-Spade, South raised the diamonds, West the spades and North went to 5-Diamonds. However, East-West sacrificed at 5-Spades and were set only one trick.

## Ross Countian Invites Plant Fanciers to Farm

CHILLICOTHE, April 22—(UP)—For the fifth consecutive year a Ross county farmer made preparations today to throw open to the public a part of his land and allow visitors to help themselves to woodland plants that grow in profusion on a 30-acre tract on his farm.

The offer is made by George A. Lockard, who has invited nature lovers to come to his farm Sunday, April 24, and carry off as many blossoms, flowers and ferns as they wish. The farm is about eight miles southwest of here off state route 722.

He explained that from early morning until night he will provide several helpers, including his sons to assist with parking automobiles along the road and in his fields near the woods.

"The flowers will be at their best next Sunday," Lockard said. "Every year for the last five years I have extended this invitation to the public. Last year more than 1,000 came."

"I hope people who would be interested in having a wild flower garden of their own will take the opportunity Sunday to dig all the specimen plants they want absolutely free and without obligation of any kind."

He explained that the idea of throwing his land open to strangers came to him when several years ago at a public park he observed an attendant berating a visitor for taking a sprig of mountain laurel.

"From that time on I decided to let the public enjoy the wonders of nature in my wild flower haven," he said.

"There is nothing to sell. But there is a wealth of redbud, dogwood, wild ferns, wild flowers and those who come are welcome to pick, dig, pull, carry away and help themselves to anything they see."
